### Specification:

- GSM Work Frequency: 850/900 /1800 /1900MHz
- Temperature: Working Temp -20℃ ~ +60℃
- Humidity: 20%—95%
- GSM Antenna
  - Cable type: Gain: 3dBi cable-length: 3-5meters connector: SMA
  - Portable antenna: Gain: 2dBi height: 5cm connector: SMA
- GPS Antenna
  - Voltage:3V cable-length: 3-5 meters connector: SMA
- Stop relay: 12V/24V 40A
- Mainframe Power supply: 12/24V DC
- Backup battery: Poly-Li battery, 600mAh 3.7V
- Mainframe Dimension: 110x64x25mm
- Weight: G.W.:0.6Kg/set (including accessories)

**Important note: We are original manufacturer in CAT-series tracking alarm systems!**

### Standard Package Content:

Main unit /GSM antenna /GPS antenna /6-PIN harness /SOS button /Stop relay

### Package Size and Weight

GB package Weight: 0.5 kg /Carton size: 50\*47\*34cm /Quantity: 50pcs/Carton/ N.W: 30kgs/CN/ G.W.:31kgs/CN
